

INSTRUCTIONS FOR LOGGING HOURS IN THE HOBY L4S WEBSITE

WHAT?

Leadership for Service (L4S) is a national community service program for HOBY Alumni. It was specifically designed to raise the public's awareness that young people are a community resource for problem-solving, volunteerism, and leadership.

WHO?

For HOBY Alumni who care about their community and want to give back. HOBY challenges program Alumni to complete 100 or more volunteer service hours and to log those hours in our [L4S website](#) for recognition and special opportunities.

WHEN & WHERE?

In your own community (or where you see the need), and immediately following your HOBY program. Alumni have two chances to meet the L4S challenge. Each opportunity is one year long.

WHY?

Because it feels good to do good! And by meeting our 100+ hours L4S challenge, you receive a HOBY recognition packet, as well as the President's Volunteer Service Award. L4S challenge winners are also exposed to special HOBY scholarship opportunities.

LOGGING YOUR SERVICE PROJECTS

Volunteer service hours must be logged within a Service Project(s). Service Projects contain all the details for HOBY to categorize and validate your service hours, like the organization's name, location, and contact. When creating a Service Project, you can edit the "start date" and "end date" based on if the project is ongoing (i.e. bi-weekly, weekly, monthly, etc.).

1. On the Home Page, click Add a New Service Project.

The screenshot shows a dark blue dashboard for 'Hobyman Alumni 's Leadership for Service'. It features four statistics: 7 Projects to Date, 225.75 Service Hours to Date, 100 Annual Service Goal, and 4000 Lifetime Service Goal. On the right, there are four navigation links: '+ Add a New Project' (highlighted with a red box), 'Log New Hours', 'Create a New Service Goal', and 'Update Your Information'.

2. Complete all the information for your Service Project. Please ensure the accuracy of all the information entered.

EDITING A SERVICE PROJECT

Projects are sorted chronologically by date (oldest on top to most recent at the bottom). You may need to edit your Service Project if: a) the project becomes continuous; therefore, you will need to change the dates; or b) you made any mistakes entering information (e.g. the contact's phone number, the service area, etc.).

- In the Projects tab on the Home Page, find your Service Project and click Edit Project.

FAQs

What do I get for completing 100+ hours of service?

There are three levels of awards based on the number of qualified hours served and logged in the L4S system:

- Bronze: 100-174 hours in one year
- Silver: 175 to 249 hours in one year
- Gold: 250+ hours in one year
- President's Call to Service Award: 4,000 lifetime total

Your awards packet will reflect the level you achieved and will include:

- A certificate of recognition from HOBY.
- A letter from HOBY's CEO to College Admissions Officers verifying your service hours.
- A congratulatory letter from the President of the United States.
- A certificate of recognition from the President of the United States.

You have until July 1st the year following your seminar to complete the challenge. For example, if you completed the seminar in June 2014, you have until July 1, 2015 (12 months) to complete the challenge. The one-year limit is required by the [President's Volunteer Service Award](#). L4S packets are processed shortly after the July 1st deadline and will be received by October of the same year.

What are additional benefits to completing the challenge?

1. **A chance to earn a scholarship:** Annually HOBY provides three \$1,000 college scholarships for the alumni class that just completed their junior and senior years of high school. To be eligible for consideration, you must complete a minimum of 250 hours of service that made a measurable impact on a community issue and log your hours into the Leadership for Service online system or App by 7/1.
2. **A chance to be honored at the annual HOBY Awards Dinner and Gala:** The HOBY Outstanding Young Alumni Award was created to recognize and honor HOBY alumni, ages 25 and under, for their accomplishments and service. The winners of the award have distinguished themselves as a leader among their peers and in their community. Recipients are recognized at the New York (May) or Los Angeles (Oct) Albert Schweitzer Awards Dinner.

Are there any community service activities that Alumni cannot do for liability reasons?

As a general rule, HOBY Alumni should not do community service activities that pose a potential risk of harm to them. Higher risk activities such as cleaning highways, participating in sporting events and engaging in significant physical activities are not recommended.

What activities qualify as community service?

Community service is any altruistic service in which you donate your time and energy without monetary or other benefits. Any service for which you are mandated, paid, or provided gifts are not considered community service. Your service should affect your life and enhance the quality of life in your community. The range of possible community service activities is limitless. These are a few examples:

- Coordinate HOBY Community Leadership Workshops (CLEWs)
- Tutor elementary school students in reading and math
- Serve as a volunteer camp counselor for disabled children
- Read stories to seniors in retirement communities
- Volunteer at AIDS service organizations
- Coordinate car washes for local charities
- Serve on the board of a homeless shelter

HOBY also encourages you to go beyond doing community service to leading community service projects such as a CLeW. CLeWs are one-day workshops for high school freshmen designed to spark student leadership through leadership-building activities and motivational speakers. CLeWs are an excellent vehicle for rallying young people to do community service.

Has HOBY developed a guide that simply explains how to coordinate a CLeW event?

Yes! Please be in touch with your HOBY site to get started. Click [here](#) to find your state, and then click on your seminar site to get contact information.

Do HOBY CLeWs require school board approval?

HOBY seeks to obtain an endorsement of the CLeW program as a legitimate service learning opportunity from the National Association Secondary School Principals. This endorsement should help CLeW organizers meet any challenges relating to school board/school approval.

What do I do after I've completed my hours for the award?

Keep volunteering and keep logging more hours! At HOBY, we want to instill the value of lifelong service and leadership. Also, did you know you have a second opportunity to earn the awards packet during your senior year? After the July 1st L4S deadline following your junior year, you have another year (from July 2 to July 1) to earn a second awards packet. Will you surpass your previous level?

And finally, there is no time limit to complete the President's Call to Service Award for 4,000 lifetime service hours. As long as you log your hours on our L4S website, we'll keep them safe and submit them again once you've reached 4,000 hours. Good luck!
